
12v30w solar panel price

What is a 12V 10W solar panel?

An ideal panel for steady battery charging and maintenance or your small off grid lighting project. This high quality 12v 10w Solar Panel works in both sunny and overcast conditions and is fully weatherproof. Comes supplied with 2 meters of cable, a blocking diode to prevent reverse charging and crocodile clips for easy battery connection.

What is a 12V 120W solar panel?

Ideally suited for a motorhome or large caravan. This 12v 120w solar panel is powerful enough to keep your battery charged over long periods away without starting the generator or plugging in to an external source. Comes with MC4 connectors so they are easily added to a string and protected from the wet weather.

What is a 150W 12V solar panel?

The 150W 12V Solar Panel from Camec uses mono-crystalline technology to generate maximum current from toughened-glass covered panels. More info.
