## 285W solar panel size

Is the sunmodule plus SW 285 discontinued?

We're sorry, but this product has been discontinued and is no longer available. The SolarWorld Sunmodule Plus SW 285 is made in SolarWorld's high-tech facility in the USA. They carry out more tests on the Sunmodule Plus SW 285 Mono 285W monocrystalline module than required by international standards meeting at least 3 times IEC requirements.

Are SolarWorld solar panels suitable for coastal areas?

SolarWorld Sunmodules have passed the most severe IEC 61701 salt spray test conditions proving their resistance to salty air which makes them ideally suited for solar panel systems in coastal areas.

Who makes SolarWorld solar panels?

SolarWorld. Made in America, by Americans, for Americans. Contact us for the latest standard or custom grid-tie SolarWorld solar panel systems at a wholesale price. Contact us for low wholesale discount pricing, solar panel systems or reviews for the SolarWorld SW 285 Mono solar panel.

What is the maximum load capacity of a SolarWorld sunmodule?

With a maximum load capacity of up to 8500 Pa (178 psf), SolarWorld Sunmodules are designed to withstand heavy accumulations of snow and ice. Plus-Sorting guarantees highest system efficiency. SolarWorld only delivers modules that have greater than or equal to the nameplate rated power.
