## Container independent solar lighting

What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

What is a shipping container solar lighting kit?

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

How do shipping container lights work?

They are mounted on the twist-tight lock with magnets to provide external lighting around the Shipping Container. We also offer vapor-tight and explosion-proof LED container lights and LED Floodlights. Shipping containers are not very large spaces with relatively low ceiling heights.

How do I light a shipping container?

A good secondary option is to have Solar kit-powered LED Floodlights shining into the container. They are mounted on the twist-tight lock with magnets to provide external lighting around the Shipping Container. We also offer vapor-tight and explosion-proof LED container lights and LED Floodlights.
