## High quality 3 2 kva inverter in America

What is a 2 kVA hybrid inverter?

A 2 kVA hybrid inverter, as offered by Gennex Technologies, is compatible with mains voltage, solar, and generator. It is built in an anti-dust kit for harsh environments and features a battery equalization function to optimize battery performance and extend life-cycle.

Are hybrid inverters reliable?

While the early hybrid inverters were limited in power, they proved to be very reliable and paved the way for the much more powerful SH series hybrid inverters, which now provide instantaneous backup power and up to 200% solar oversizing to enable homes to become highly self-sufficient.

Are Sungrow solar inverters good?

Not covered in this review - SG-HX Series - 1500v string inverters up to 350kW The residential SG series solar inverters from Sungrow have become very popular due to their competitive price and great reliability. The sales figures show they are Australia's second biggest-selling solar inverter by volume, coming second only to Fronius.

What makes Sungrow different from other inverter companies?

Unlike other inverter companies that evolved from well-established power electronics manufacturers, Sungrow was founded in 1997 by Cao Renxian, a Hefei University of Technology professor who wanted to improve the electricity supply in rural western China using renewable energy.
