
High quality power switchgear in Mauritania

What is switchgear & how does it work?

Switchgear protects electrical equipment and circuits from damage caused by overcurrent, voltage spikes and other faults in the system. Our goal at DOHO is to be complete solutions provider for all your switchgear product needs.

Who is Doho electrical equipment & switchgear?

DOHO is one of the top electrical equipment and switchgear companies in the world, specializing in the production of low-voltage and medium-voltage switchgear as well as key components such as circuit breakers, relays, contactors, and protectors.

What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.

High-quality low and medium voltage switchgear is fundamental in ensuring reliable power distribution across various applications. One of the primary attributes of these systems is their

...

DOHO Electric provides high, medium, and low-voltage switchgear, components, transformers, and new energy solutions. Our ...

GIS switchgear offers many benefits, including compactness and the ability to manage high-voltage loads. Choosing the right GIS for your application will get you the best ...

Their performance directly affects safety, reliability, and service life of switchgear and power equipment. By selecting high-quality materials, following proper design principles, and ...

DOHO Electric provides high, medium, and low-voltage switchgear, components, transformers, and new energy solutions. Our products--such as circuit breakers, relays, and ...

High Voltage Switchgear (HV/HT), often referred to as HV (High Voltage) or HT (High Tension) switchgear, is a vital part of modern power systems. It operates at voltages above 36 kV and ...

What is a switchgear? Think of a panelboard that distributes and controls power while protecting circuits at the same time. It's a lot like ...

Explore how ABB's switchgear and circuit breaker solution is powering a sustainable transformation at the Tasiast 24k mining plant in Mauritania, reducing emissions ...

Gas-insulated switchgear (GIS) utilises SF6 gas, and can be used for compact installations with high voltage requirements. Hybrid ...

Our high voltage switchgear is made with high quality materials and components to ensure its long service life and reliability. DOHO HV switchgear products are designed for ...
