
How much does a 100kW collapsible container cost at an Australian airport

What is a solar powered shipping container?

At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects--all while reducing carbon footprint and cutting energy costs.

Why are shipping containers so expensive?

Shipping container prices can vary depending on several key factors: Size & Type - 40ft and High Cubes cost more than standard 20ft units. Condition - New (one-trip) containers are more expensive than used or refurbished. Delivery Location - Remote or regional delivery may incur higher transport costs.

How much does it cost to hire a shipping container?

Depending on the container type, you could be hiring for as little as \$2.75 inc. GST a day. The container will be a new or near new build with all the latest features. If you're ready to hire a shipping container or want more information on this, visit [Hire A Shipping Container](#). Should you Buy a shipping container?
