November 18, 2025: With this update, our lineup of recommended portable chargers and power banks remains unchanged. The existing picks have been vetted for currency and availability. The Anker Laptop Power Bank has a capacity of 25,000mAh, but more importantly, it can deliver 100W of power from a single port.

Do you need a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. They are available in various sizes and capacities, and can include handy features such as fast charging and multiple ports.

What is the best fast charging power bank?

If you're looking for a lightweight and portable power bank with fast charging capabilities, the UGREEN Nexode 20000mAh 130W Fast Charging Power Bank is an excellent choice. With its 100W output, it can quickly charge multiple devices. It also features a smart TFT display that clearly shows the remaining battery life and other useful information.

How much power does a power bank have?

However, when it is plugged in, it doubles as a power brick. As a wall charger, it offers a powerful 65 watts of output for super-fast charging--faster than most of the competition. As a power bank, it still offers quite a lot of speed at 30 watts.

Keep your phone, laptop, handheld gaming console, and other electronics running with these travel-friendly power banks.
