
London solar energy storage container factory is running

What is solar & storage Live London?

Solar &Storage Live London showcases global solar and energy storage solutions alongside complementary products and services for residential, commercial, industrial and large-scale utility projects.

When is solar & storage Live London 2026?

The April edition, Solar & Storage Live London, launched in 2024 and was an overwhelming success. Returning for its third year in 2026, the show is set to grow even bigger, featuring over 200 global exhibitors and 200 speakers. More than 10,000 industry professionals are expected to attend over the two days.

What is Cero doing with CSI energy storage?

Cero, together with their UK development partner Enso, will utilize CSI Energy Storage's SolBank products for their 49.5MW/99MWh battery energy storage system, which is co-located with the Larks Green solar PV project in South Gloucestershire, United Kingdom. The Larks Green solar PV project is the UK's first transmission-connected solar farm.
