
Manila Off-Grid Solar Container 50kW

Who is go gridless Philippines?

GO GRIDLESS Philippines Corp. is a Manila-based solar and energy solutions provider catering to residential and commercial projects. We have speciality across grid-connected solutions, hybrid solutions with batteries, and also off-grid solutions for locations that experience poorly served electricity services.

What is a 50kw Solar System?

In rural areas where access to the main power grid is limited, Maxbo's 50kW solar systems serve as reliable energy sources, providing the necessary power for residential homes, schools, health clinics, and community centers. These systems bring modern amenities to off-grid locations, enhancing quality of life and supporting community development.

Can a 50kw Solar System be used for industrial applications?

Maxbo's 50kW solar system is also adaptable for industrial applications, where high-powered equipment and continuous operation are essential. Our systems are engineered with robust components, reinforced solar panels, and heavy-duty inverters capable of handling the demands of industrial machinery.

Will a solar inverter work during a power outage?

Only Solar Systems with compatible Battery Storage solutions will work during electric utility power outages. If your system is a Grid-Tied system without any Battery, the Inverter will automatically disconnect itself until your electric utility resumes their power supply.

Complete Solar Energy System 6KW 10KW 30KW 50KW 1MW Solar Full Kit Energy Storage Container Bluesun Solar for Your Home
