
Nouakchott energy storage container house customization

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

Who is art container house?

Supports Customization Art Container House is a leading container houses supplier in China-engaged in Expandable Container Houses with two production bases. With 20,000 square meters, and 200 employees, we have formed a large-scale production base of container houses and with an annual production capacity of 30,000 sets.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.
