
Outdoor solar lights and fixed lights

What are outdoor solar lights?

Outdoor solar lights simplify exterior illumination, offering beautiful, functional lighting without the need for wiring. These lights are available in a variety of forms to help improve home safety and security, light up patios and walking paths, or create a cozy glow around your lawn, garden, or pool.

Are solar string lights good for outdoor lighting?

These solar lights are perfect for those looking for a soft, ambient outdoor lighting option. They're also available in seven colors. These don't give off bright light, so you won't get high visibility with them. Adding ambient lighting to a patio or deck is simple with these solar string lights.

Can I return a solar fence light?

This item can be returned in its original condition for a full refund or replacement within 30 days of receipt.

Are solar-powered outdoor lights LED?

Almost all solar-powered outdoor lights are LEDs, with either integrated or replaceable bulbs. Solar lights are overwhelmingly powered by LEDs because they consume significantly less energy than traditional incandescent or fluorescent bulbs, allowing for smaller batteries and longer operational times.

This guide aims to walk you through the steps to troubleshoot and repair common problems with garden solar lights, ensuring they continue to brighten your outdoor oasis.
