
Pyongyang solar Water Pumping Company

Who is Pengyang pump Taizhou?

Our products are sold all over the world Pengyang Pump Taizhou CO.,Ltd, is a focus on solar water pump research and development, production, and sales company. We have a complete technical team. In the field of solar water pumps, we continue to study in-depth, as well as the accumulation of market applications.

How to choose a solar water pump system?

First, you should confirm whether the solar water pump system is direct feed or with Tank System. You can refer to the below two diagram to calculate the pump head. In practice, we normally choose the pump head 10%-20% higher than the actual demand in order to make sure the pump can work properly.

What is Puyang Solar?

PUYANG SOLAR, established in 2018, is a high-tech enterprise that specializes in the R&D, production, and sales of solar charge controllers and Lithium(LiFePO4) batteries. We have factories for solar charge controllers (150,000 square meters) and Lithium(LiFePO4) batteries (270,000 square meters), both located in DongGuan city, Guangdong Province.

Why do you need a solar water pump?

Perfect for: Farm irrigation: Solar water pumps for irrigation can ensure consistent watering for your crops, regardless of location. Human and animal drinking water: Provide clean, healthy water for your family and livestock. Domestic water supply: Enjoy reliable water access in off-grid or remote areas.
