# Sophia Solar Monitoring solar Panel Manufacturer

What is Sophia Project?

New developments and trends in plastics recyclin... The SOPHIA project aims to increase the current reuse, repair and recycling rates of end-of-life solar panels.

What is Sophia & how does it work?

SOPHIA is an EU-funded Horizon Europe project that aims to implement advanced digital solutions in end-of-life solar panels, involving the full value chain in order to increase their current reuse, repair and recycling rates. The end goal is to foster a more circular, innovative and competitive Europe. The project will focus on:

Who coordinates the Sophia project - implementation of Advanced Digital Solutions?

In this context, AIMPLAS, the Plastics Technology Centre, coordinates the SOPHIA project - Implementation of Advanced Digital Solutions to increase the circularity of PV panels throughout the entire value chain.

What is Sophia's Horizon Europe project?

The project partners of SOPHIA gathered on 26 June 2025 in Valencia (Spain) to kick off this Horizon Europe project. Through the development of innovative solutions to boost PV panels' circularity, SOPHIA will contribute to fostering a more circular, innovative and competitive Europe.

The project aims to implement advanced digital solutions to significantly improve the reuse, repair, and recycling rates of end-of-life solar panels. Covering the full value chain, ...

The SOPHIA project aims to increase the current reuse, repair and recycling rates of end-of-life solar panels.

SOPHIA is an EU-funded Horizon Europe project that aims to implement advanced digital solutions in end-of-life solar panels, involving the full value chain in order to increase ...

List of Monitoring System manufacturers. A complete list of component companies involved in Monitoring System production.

The SOPHIA project - Implementation of Advanced Digital Solutions to increase the circularity of PV panels throughout the full value ...

Explore solar panel monitoring technology companies like Solar-Log and AlsoEnergy as they lead innovations in renewable energy optimization.

The SOPHIA project aims to increase the current reuse, repair and recycling rates of end-of-life solar panels. For the evaluation of their ...

The SOPHIA project - Implementation of Advanced Digital Solutions to increase the circularity

---

of PV panels throughout the full value chain - is an EU-funded Horizon Europe ...

Shanghai Zhouhao (Sunky) Solar Technology Co., Ltd. is a professional manufacturer of solar panel and solar module in Shanghai, China. We were established in 2005.

Check out the top solar panel manufacturers in China, such as JinkosSolar, LONGI, Trina Solar, Astronergy, and more.
