
Terrace folding solar glass

Can a patio roof be turned into a solar roof?

choose, combine it with vertical glass elements such as sliding doors, sliding and hinged systems or bi-folding doors. This turns your patio into an all-round protected feel-good area. The SDL Alerio system is available with PV modules that turn your patio roof into a solar roof and thus generate solar power.

Which buildings can benefit from Photovoltaic Glass Solutions?

Buildings such as corporate offices, hotels, skyscrapers, airports, railway stations, government buildings, museums, and even historic buildings can benefit from our photovoltaic glass solutions. Dubai Frame
