# Tool Battery Multi-function Device

What is a cordless multi tool?

A cordless multi tool is the true all-rounder of our power tool range, capable of carrying out anything from cutting and grinding to sanding and scraping. You won't even have to worry about plugs or power cables - you can work wherever the job takes you with a battery multi tool. At Toolstation, we know how important it is to be ready for anything.

Are 18V batteries good for a multi tool?

Advanced lithium-ion batteries combine with brushless motors to give you the best efficiency and longest run times. 18V batteries are often interchangeable with other compatible tools in the brand's collection too - you can buy a cordless multi tool as the tool only, or with additional battery packs and chargers.
