
Wellington Distributed Energy Storage Project

Where is Wellington South Battery energy storage system being developed?

Wellington South Battery Energy Storage System is being developed in NSW,Australia.

(Credit: Sungrow EMEA on Unsplash) The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW),Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW.

What is the Wellington Battery energy storage system (BESS)?

The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW),Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW. AMPYR Australia,a renewable energy assets developer in the country,owns 100% of the BESS project.

Will Wellington Bess be the largest battery storage project in NSW?

Once operational,it will have a capacity of 1,000-megawatt hours (MWh) of green power. This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road,Wuuluman NSW 2820.

Who owns the Wellington Bess project?

With its Wellington BESS stage two project (100MW),Ampyrnow owns 100% of the 1000MWh Wellington project. Ampyr and Shell Energy Australia had been joint venture partners in the BESS scheme (image of site) since October 2022. Ampyr is aiming for energisation of stage one in 2026,with stage two to follow in 2027.

The Wellington Battery Energy Storage System comprise up to 6,200 pre-assembled battery enclosures with lithium-ion battery packs and associated equipment, ...

Ampyr Australia, the local arm of Singapore-based outfit Ampyr Energy, says it has acquired oil major Shell Energy's 50% stake in the 300 MW / 600 MWh first stage of the ...

About the Project The project is in the Central West Orana Renewable Energy Zone three kilometres north-east of Wellington. The project will be delivered in two stages. ...

AMPYR, a new independent Australian power producer, has achieved financial close on its 300 MW/600 MWh Wellington Stage 1 ...

A mega-battery project in NSW is moving ahead. Construction is set to begin on the first stage of the Wellington Battery Energy Storage ...

Fluence Chosen for 300 MW / 600 MWh Wellington Battery Energy Storage System for AMPYR Australia Julian Nebreda, President and Chief Executive Officer, Fluence, and Alex ...

SYDNEY, Australia, 8 July 2025 -- AMPYR Australia (AMPYR) today announced it has achieved financial close of its 300 MW / 600 MWh ...

Ampyr Australia, the local arm of Singapore-based outfit Ampyr Energy, says it has acquired oil major Shell Energy's 50% stake in the ...

Ampyr Australia has acquired Shell's 50% stake in the 300MW Wellington battery energy storage system (BESS) in New South Wales. With its Wellington BESS stage two ...

AMPYR secures financial close for 300MW Wellington Stage 1 battery storage project, advancing Australia's renewable energy transition.
