## Wholesale battery and storage in Denmark

Who sells Fiamm batteries in Scandinavia?

We are the official Scandinavian distributor for the world's leading manufacturer of batteries, Panasonic, which focuses on operating time, service life and reliability. We are also the distributor in Denmark for YUASA, and we distribute Italian-made FIAMM batteries in both Denmark and Norway.

Where are ACTEC batteries made?

We are also the distributor in Denmark for YUASA, and we distribute Italian-made FIAMM batteries in both Denmark and Norway. In addition, we are distributors for Tekcell, EVE and Fanzo Lithium batteries in Scandinavia. Finally, we are distributors of Cadex testers in Denmark. ACTEC has been headquartered in Randers since it was founded in 1990.

What is a battery storage project?

Our goal is to build an integrated business where technology, power trading, and development work together to create long-term value. Initiating a battery storage project involves ensuring proximity to the grid's transmission level, with a screening process initiated with grid operators to assess available capacity.
