# Zagreb Uninterruptible Power Supply Company

Which is the best uninterruptible power supply manufacturer?

With 20 years of R&D experience in UPS industry, SCU, one of the biggest uninterruptible power supply manufacturers, provides 6KVA to 900KVA UPS products that are highest levels of availability, reliability and efficiency. SCU UPS products cover applications from IT rooms to large data centers and industrial plant and so on.

Why do you need uninterruptible power supplies?

Our uninterruptible power supplies protect critical industries today and our electrical energy conversion systems are shaping a more secure and sustainable future. Our uninterruptible power solutions protect against mains power issues to ensure safe operation, protect people and reduce the risk of downtime and system failures.

What is SCU industrial uninterruptible power supply system?

SCU industrial uninterruptible power supply system has created a new generation of green, environmentally friendly, high-efficiency and energy-saving uninterruptible power supply systems for the data center of Huitian Cloud Industrial Park, helping the safe operation of the data center.

How does an industrial uninterruptible power supply work?

While industrial uninterruptible power supply can work like a back-up power source, which converts utility power from AC to DC and provides DC current to battery for storage. When utility power fails, power stored in the battery will be discharged to supply the equipment.
